ORDERMONKEY Ecosystem

Self-Ordering Terminals

No More Long Queues During Peak Hours! Say goodbye to frustrating queues and peak-time rushes. ORDERMONKEY simplifies your ordering, taking the weight off your team so your restaurant can truly shine!

- **Maximize Revenue**
  Unlock new income streams by capturing every potential sale with intelligent, automated upselling.

- **Cut Wait Times by 50%**
  Beat long lines with speedy, accurate self-checkout.

- **No More Language Barriers**
  Empower international travellers to browse your menu and order in their language.

- **Your Brand, Your Kiosk**
  Customize kiosk screens, colors, logos, and digital menu layouts to reflect your brand.

QR Web-App

Effortless for Them, Efficient for You: That's QR Ordering! What if ordering could be truly effortless for your customers and simultaneously boost your restaurant's efficiency? That's precisely what ORDERMONKEY's QR-Webapp achieves!

- **Scan & Go Ordering**
  Guests order in seconds via QR with no app and no sign-up needed.
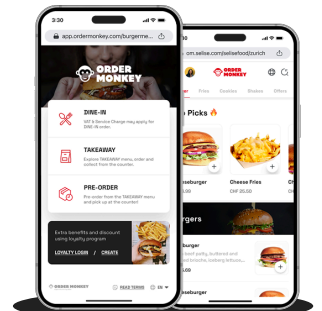

- **Serve All Needs**
  Perfect for dine-in, takeaway, delivery, and even pre-orders.

- **Instant Menu Control**
  Update dishes, prices, or availability across all QR menus in real-time.

- **SMS Notifications**
  Keep your guests informed with real-time SMS updates on order status.
